Mr. ROTH (for himself, Mr. LUGAR, Mr. BIDEN, Mr. KYL, Mr. HAGEL, Mr. SMITH of Oregon, Mr. LIEBERMAN, and Mr. HELMS) submitted the following resolution; which was referred to the Committee on Foreign Relations:

S. RES. 208

Whereas NATO is the only military alliance with both real defense capabilities and a transatlantic membership;

Whereas NATO is the only institution that promotes a uniquely transatlantic perspective and approach to issues concerning the security of North America and Europe;

Whereas NATO's military force structure, defense planning, command structures, and force goals must be sufficient for the collective self-defense of its members, capable of projecting power when the security of a NATO member is threatened, and provide a basis for ad hoc coalitions of willing partners among NATO members to defend common values and interests;

Whereas these requirements dictate that European NATO members possess national military capabilities to rapidly deploy forces over long distances, sustain operations for extended periods of time, and operate jointly with the United States in high-intensity conflicts;

Whereas NATO's military operations against the Federal Republic of Yugoslavia (Serbia and Montenegro) in 1999 highlighted (1) the significant shortcomings of European allies in command, control, communication, and intelligence resources; combat aircraft; precision-guided munitions; airlift; deployability; and logistics; and (2) the overall imbalance between United States and European defense capabilities;

Whereas this imbalance in United States and European NATO defense capabilities undercuts the Alliance's goal of equitable transatlantic burden-sharing;

Whereas NATO has undertaken great efforts to facilitate the emergence of a stronger European pillar within NATO through the European Security and Defense Identity, including the identification of NATO's Deputy Supreme Allied Commander as the commander of operations led by the Western European Union (WEU); the creation of a NATO Headquarters for WEU-led operations; and the establishment of close linkages between NATO and the WEU, including planning, exercises, and regular consultations;

Whereas in promulgating NATO's Defense Capabilities Initiative Alliance members committed themselves to improving their respective forces in five areas: (1) effective engagement; (2) deployability and mobility; (3) sustainability and logistics; (4) survivability; and (5) command, control and communications.
